Now, start to make tentacles, there will be 8 tentacles, octopus :)

(my Mom chains 30 then does 1 sc in the second chain from the end then 2sc in each chain all the way up)

For that start to make a chain, 30 chain stitches, then into 2nd stitch from the hook make 1 Inc - 2 single crochet into one, repeat the same all along, you'll have the curly look

then make 3 sc on head and start to make another tentacle, this time 35 chain stitches

Make the same sequence all around, 30 ch. st. and 35 ch st and 2 single crochet into every st

Continue without counting rows (Stuff gradually, I used sheep wool, a natural filling, can be washed as well): 1 single crochet, 2 tog. (Invdec) up to that point you'll have 6 or 7 stitches left, make 1 slip stitch at the end, cut the yarn leaving a length of yarn
